Address: Chhatrapati Sambhajnagar, Maharashtra, India - 431103

Professional Summary

Full Stack MERN Developer with 3.5+ years of experience in building, optimizing, and deploying scalable web applications. Skilled in React.js, Next.js, Node.js, TypeScript, and MongoDB. Adept in cloud platforms (AWS), containerization (Docker, Kubernetes), and CI/CD. Focused on creating efficient, high-performance, secure, robust and reliable web solutions aligned with modern development standards. Collaborative, agile-driven developer committed to clean code, system reliability, and continuous learning.

Technical Skills

- **Languages:** JavaScript, TypeScript, Python
- **Frontend:** React.js, Next.js, SWR, Redux, Tailwind CSS, Ant Design, Shadcn, HTML, CSS
- **Backend:** Node.js, Express.js, MongoDB, Redis, Mongoose, Socket.io, Kafka, RabbitMQ, Swagger, Web Socket
- **DevOps & Cloud:** AWS (EC2, S3, Route 53, Load Balancer, Lambda, CloudFront, API Gateway), Docker, Kubernetes, CI/CD Pipelines
- **Architecture:** Microservices, Microfrontend, REST APIs, Authentication
- **Tools:** Postman, Git, GitHub, Jira, npm, Babel, vs code

Professional Experience

Full Stack Web Developer (MERN Stack) | Techsunset | Bengaluru | Apr 2022 – Oct 2025

Contributed to developing and deploying multiple real-world web applications that handled 100k+ users and APIs in a team environment. Focused on reliability, scalability, and clean architecture in microservices setups.

Education

Bachelor of Engineering (Mechanical) | Pravara Rural Engineering College, Loni | **Pune University**
2016 – 2020 | Grade A (First Class)

Certifications

MERN Stack Web Development | Apr 2020 - Jan 2021 | WAP Institute

Achievements & Publications

tsnode-app-cli | <https://www.npmjs.com/package/tsnode-app-cli>

Developed and published an open-source **npm package**, a CLI tool that automates **Express.js + TypeScript** project scaffolding. Enables developers to generate **production-ready backend setups** following **MVC architecture**, complete with environment files and boilerplate configurations.

Projects

- **Podar Education** | <https://www.podareducation.org>

An educational network managing school operations and franchise programs digitally.

My Contribution:

- Developed authentication APIs, online admission forms, and student dashboards.
- Integrated payment gateway and automated backend processes.
- Contributed to website modules improving engagement and accessibility.

Tech Stack: React.js, Next.js, Node.js, Redis, Socket.io, Express.js, MongoDB, AWS, Docker

- **FlowerAura** | <https://www.floweraura.com>

Online gifting platform for flowers, cakes, and personalized gifts

My Contribution:

- Integrated delivery scheduling and order tracking features.
- Built product catalog and secure checkout flows.
- Developed store/franchise dashboards and customer support tools.

Tech Stack: React.js, Next.js, Node.js, Redis, Socket.io, Express.js, MongoDB, AWS, Docker

- **Furlenco** | <https://www.furlenco.com>

Online furniture rental platform with flexible subscription models.

My Contribution:

- Developed rental product listing and subscription workflows.
- Implemented secure authentication and order tracking systems.
- Optimized frontend performance and API communication.

Tech Stack: React.js, Node.js, Express.js, MongoDB, AWS, TypeScript

- **Livspace** | <https://www.livspace.com>

Home interior and renovation platform offering personalized design services.

My Contribution:

- Developed dynamic project catalogs and dashboards.
- Integrated payment gateways and authentication flows.
- Contributed to backend optimization and service reliability.

Tech Stack: React.js, Next.js, Node.js, Express.js, MongoDB, AWS, Docker

- **HomeLane** | <https://www.homelane.com>

Tech-enabled interior design brand offering 3D design experiences.

My Contribution:

- Developed authentication and project management modules.
- Enhanced API integration and UI performance.

Tech Stack: Next.js, TypeScript, Node.js, MongoDB, Express.js, Docker, AWS

Additional Information

- Languages: English, Hindi, Marathi
- Interests: Development, Product Design, System Design, Cloud Services
- Availability: **Immediate**
